STATEMENT OF COMPLIANCE WITH CPNI
47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2011
EB Docket No. 06-36

Cross Wireless (Cross Wireless) has established operating procedures that ensure compliance with the Federal Communication Commission regulations regarding the protection of consumer proprietary network information (CPNI).

- disclosure of CPNI. Cross Wireless has established disciplinary procedures for any employee that wrongfully discloses CPNI.
- Cross Wireless does not use CPNI without customer notification as set forth by the FCC in 47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2011. Cross Wireless provides either an opt-in notice or an opt-out notice when appropriate and maintains the customers choice. Therefore, the customers approval status can be determined prior to use of CPNI.
- Cross Wireless maintains records of their own and their affiliates' sales and marketing campaigns that use their customers' CPNI. Also, Cross Wireless does not currently allow access to third parties for marketing purposes but will obtain Op in approval from customers for which it may allow third party access. Cross Wireless will maintain records anytime third parties are allowed access to CPNI. Records of their own marketing, thier affiliate's marketing or any third party relase, include a description of each campaign, the specific CPNI that was used, and what products and services were offered. These records are retained for a period of at least one year.
- Cross Wireless requires sales personnel to obtain supervisory approval of all outbound marketing requests for customer approval and maintains records of compliance for at least one year.
- Cross Wireless will provide written notice within five business days to the FCC any instance where the opt-out methods do not work properly, to such a degree that the customers inability to opt-out is more than an anomaly.

Cross Wireless did not experience any apparent attempts by data brokers to obtain CPNI and therefore did not take any action against data brokers during the calender year ended December 31, 2007.

Cross Wireless did not receive any apparent customer complaints concerning the unauthorized release of CPNI for the calender year ended December 31, 2007.
